Watch how latex is collected, conglobated and rolled into rubber sheets. Taman Warisan Pertanian is truly an interesting spot to understand the country's agricultural heritage.

SIGNATURE BRIDGES

Putrajaya's signature bridges are an arresting sight. The Putra Bridge is touted to be the most prominent bridge in Putrajaya. This 435m concrete structure spans from Precinct 1 to Precinct 2. It is part of the main protocol route which links Dataran Putra and Persiaran Perdana.

Other remarkable bridges include the Seri Perdana Bridge, Seri Gemilang Bridge, Seri Bakti Bridge, Seri Setia Bridge, Seri Saujana Bridge and Seri Bestari Bridge.

Putra Bridge is inspired by the famous Khaju Bridge in Isfahan, Iran. It has four octagonal towers equipped with observation decks which overlook Lake Putrajaya.

The Seri Wawasan Bridge is one of the most beautiful cable-stayed bridges in Malaysia, built with the latest technology.

PERSIARAN PERDANA (PUTRAJAYA BOULEVARD)

Regarded as the central spine of Putrajaya, the 100km boulevard links the five core precincts of Putrajaya. Two buildings, Perdana Putra and Putrajaya International Convention Centre (PICC), stand as impressive landmarks on the north and south of the boulevard. Public functions are held from time to time at the five squares here; Dataran Putra, Dataran Wawasan, Dataran Putrajaya, Dataran Rakyat and Dataran Gemilang. All the five squares are situated along the landscaped route.

Persiaran Perdana or the Putrajaya Boulevard is modelled after the Champs Elysees in Paris and a throughfare in Iran.

PUTRAJAYA INTERNATIONAL CONVENTION CENTRE (PICC)

A state-of-the-art venue for international and regional events, this convention centre sprawls over 1.3 million square feet. Its largest hall can accommodate up to 2,778 people.

PICC was designed to resemble the 'wau bulan' - a giant kite found in the state of Kelantan and the 'pending perak' - a traditional silver belt originating from the state of Perak.
